P.S - Standby power may vary depending on output voltage and canopy dimensions.

Forest City is 100% manufactured and shipped from UK

- * As a matter of policy Forest City is committed to prompt clients' response and strict commitments to quality and timely shipments
- * All generators have to pass through very stringent quality requirements during manufacture and tests before they are shipped to the buyers
- * For very large capacity requirements or high variation in load multiple sets with fully automatic start/automatic synchronizing/automatic load control system can be supplied.
- * As one of the world's leading suppliers of Diesel Generators Forest City has earned worldwide reputation through use of its Generators in residential, commercial and industrial applications
